YOUR EXPERT IN MOBILE SYSTEM SOLUTIONS
NOTHING IS IMPOSSIBLE. THE IMPOSSIBLE JUST TAKES A LITTLE LONGER.

We specialise in the technology of high-strength metal structures, information and electronic systems protected against interference, ballistic protection, energy efficiency and cryotechnology. From our customers’ point of view, this means customised systems with special structural solutions that are designed and manufactured to meet the performance requirements of the customer, standards, and regulations set by the authorities.

THE HEART OF THE CONLOG SOLUTION

ADAPTABILITY  MOBILITY  OPERATING ENVIRONMENTS

PROTECTION  PERFORMANCE  INFORMATION MANAGEMENT

CONLOG SOLUTIONS ARE UTILISED BY, FOR EXAMPLE

Defence
- e.g. intelligence, surveillance and command facilities

Rescue and services
- e.g. medical containers, field hospitals, catastrophe and flood containers, mobile libraries and service vehicles, healthcare vehicles

Business and industry
- e.g. equipment shelters, electrical cabinets and transformer containers, maintenance and workshop containers, accommodation facilities and process vehicles

THANKS TO OUR EXPERTISE IN ARCTIC CONDITIONS, WE HAVE A PROFOUND UNDERSTANDING OF EXTREME CLIMATES AND CHALLENGING OPERATING ENVIRONMENTS.
AS WITH OUR PRODUCTS, OUR EXPERTISE IS ALSO A CAREFULLY Refined COMBINATION OF VARIOUS FACTORS.

Our goal is always to provide our customers with the best, most cost-efficient Conlog solution with optimum performance – in the schedule agreed!

THE FOUNDATIONS OF OUR WORK

Customer focus
Our cooperation with our customers is based on profound understanding and trust. Good dialogue is the key.

Expert teams
We carefully create each team to best meet the requirements of the project using our own experts, complemented with the leading specialists from our international network of partners.

OUR SERVICES

Our services cover the entire life cycle of our products. Thanks to our uncompromised expertise in project work, we can guarantee cutting-edge quality, cost-efficiency and on-time deliveries. Long-term customer relationships serve as proof of our success in providing our customer with excellent service and value.

WE ALWAYS LOOK FORWARD AND STRIVE FOR INNOVATION. OUR EXTENSIVE EXPERTISE IS A PERFECT STARTING POINT.

The Conlog Group is firmly rooted in Finnish container history: Conlog was established in 1990 as an heir to the container works of Rautaruukki Oy, the only Nordic sea container factory. In addition to unique expertise, we inherited a strong perspective on how to stand out from the competition and serve our customers better than anyone else.

EXPERTISE TO MEET THE HIGHEST OF REQUIREMENTS

The Conlog Group has always worked in close cooperation with customers operating in the most demanding conditions as their equipment and system supplier of choice. Over a quarter of a century of cooperation with the Finnish Defence Forces indisputably shows that we are able to meet the highest of requirements.

OUR VALUES

CUSTOMER FOCUS RELIABILITY EXPERTISE DEVELOPMENT OF EXPERTISE COST-EFFICIENCY COOPERATION AND NETWORKING PERSONNEL WELL-BEING
Mobile and field hospitals, and various medical and first-aid facilities.

Mobile research units, such as the eye clinic focusing on funduscopic examination, equipped with waiting and examination areas.

Transformers and power distribution units for demanding conditions, for example mines and industrial environments.

A mobile library that can be easily converted into a multi-purpose vehicle.

A first response solution to gas, chemical and radiation emergencies, for the decontamination of people and materials.

All-inclusive turnkey deliveries: fully integrated systems in compliance with the customer’s requirements.

Extended service life through midlife upgrading and system updates.

Intelligence, surveillance and command facilities.
